World Wheelchair Rugby Tournament Awards Policy

Board approval – March 2018
Planned review date – end of 2022
Policy number 008

The purpose of this document is to detail the Tournament Awards which are permitted at WWR sanctioned competitions, including WWR championship, full sanction, and competition sanction events.

In addition to awards for the top performing teams, the recognition of excellence in individual athlete performance is an important tradition in Wheelchair Rugby. At WWR sanctioned competitions, this recognition is provided by presenting Tournament Awards to deserving athletes.

At all WWR sanctioned events covered by this policy, Tournament Awards shall be presented to the best player in each of the seven eligible WWR sport classes (0.5, 1.0, 1.5, 2.0, 2.5, 3.0, 3.5), and to the Most Valuable Player (MVP).

Tournament organizing committees may include other Awards for performance along with these, subject to the approval of the WWR Technical Delegate. Any such Award must be consistent with the values of sportsmanship and WWR.

No individual shall receive more than one Tournament Award at a single event.

No award specifically recognizing performance shall be given to WWR officials. This does not include presentations made in recognition of and thanks for their participation as long as all officials at the event are recognized.

Each tournament organizing committee shall form an Awards Committee and develop a process for selecting these Awards. The WWR Technical Delegate or a designated representative shall be a member of the Awards Committee.
