Additional Anti-Doping Education for Paris 2024

In addition to the training required as part of the WWR Anti-Doping Education Program, participants in the wheelchair rugby competition at the Paris 2024 Paralympic Games are required to complete Games-specific anti-doping education.

This education is provided through the WADA ADEL online learning platform:

<https://adel.wada-ama.org>

The required course is:

ADEL for Paris 2024 Paralympics

The course is currently offered in English, French, and Spanish.

This course must be completed by all athletes and athlete support personnel including coaches, team managers, etc. -- any person participating in the wheelchair rugby competition with an Aa or Ao category accreditation.

This training is **in addition** to the training required by all wheelchair rugby personnel. **All Paris 2024 participants must also complete the required training.**

All required training must be completed **prior to arrival** at the Games in Paris 2024. Those who have not completed will not be permitted Field of Play access.

After completing the training, participants are to send their certificates of completion to their WWR Member Organization.

Member Organizations for Paralympic Qualified Nations are to collect certificates for their personnel and upload them to the WWR MALS.

For further information, or if you have any questions, please contact the WWR Office at Office@worldwheelchair.rugby
